

# Adopt-A-Room

A generous commitment to Adopt-A-Room has the power to change the lives of thousands of families who stay with us.

With a vision to cure and a mission to care, Ranui is committed to providing a home away from home for patients and their whanau while they are undergoing lifesaving medical treatment for cancer, accidents, and life-threatening illnesses.

From Gisborne in the north, the Chathams to Stewart Island in the South, seriously ill New Zealanders drive or fly hundreds of kilometres to Christchurch for life saving treatments such as chemotherapy, bone marrow transplants, heart surgery, difficult pregnancies, neonatal care, kidney transplants, dialysis, general surgery and a host of other serious illnesses.

Medical services for these conditions are not available in their cities or rural communities. They leave their whanau, friends, farms, workplaces, and communities for days, weeks and even months to undergo treatment at Christchurch Hospital.

And Ranui is honoured to welcome them. **But we cannot do it alone.**

We are a charity that relies on the support of the entire community and greatly values the generous donations we receive. **This is why we need you.**

It is your generosity that helps us ensure families can stay together near their hospitalised loved one. Our House becomes their 'home-away-from home', offering warmth, comfort and a place to make new friends who are on a similar journey.

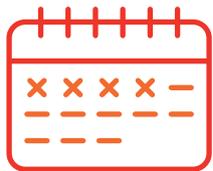

## Why Adopt-A-Room?

A generous commitment to Adopt-A-Room has the power to change the lives of thousands of families who stay at Ranui House.

Adopt-A-Room is a vital programme which invites you, your colleagues, and your business to engage directly with Ranui House and the families that need a 'home-away-from-home' while their loved one is in hospital. Aligning your organisation's

commitment to social responsibility with one of New Zealand's most trusted charities will not only elevate your business' profile, but also strengthen your connection to community. While creating an enduring impact on your business, brand and purpose, you will provide much-needed financial support to families who desperately need your help.

Your support will enable us to provide and maintain comfortable and beautifully furnished apartments with their own kitchen, laundry and bathroom, offering a haven for families during some of the most difficult times of their lives. Your investment will assist with keeping the rooms clean, comfortable, warm, well-equipped and maintained.

The longest stay in 2020 was 365 nights

Our 26 Apartments hosted 1092 families

We provided 8224 nights of accommodation

Over \$2.6 million was saved in accommodation, meals and parking costs for families

53% of those that stay have cancer
